HORNET

Crawford

In Dedication

We, the Seniors of 1967, do hereby dedicate the '66-67 Hornet yearbook to our American heritage.

Our American heritage was fought for by our ancestors who were striving for freedom. It has been passed on from generation to generation.

Our fight for our American heritage today, is shown in our war against Communism and in the lives of our boys that have been lost in service for our country.

We are happy that we can dedicate our yearbook to such a great cause.

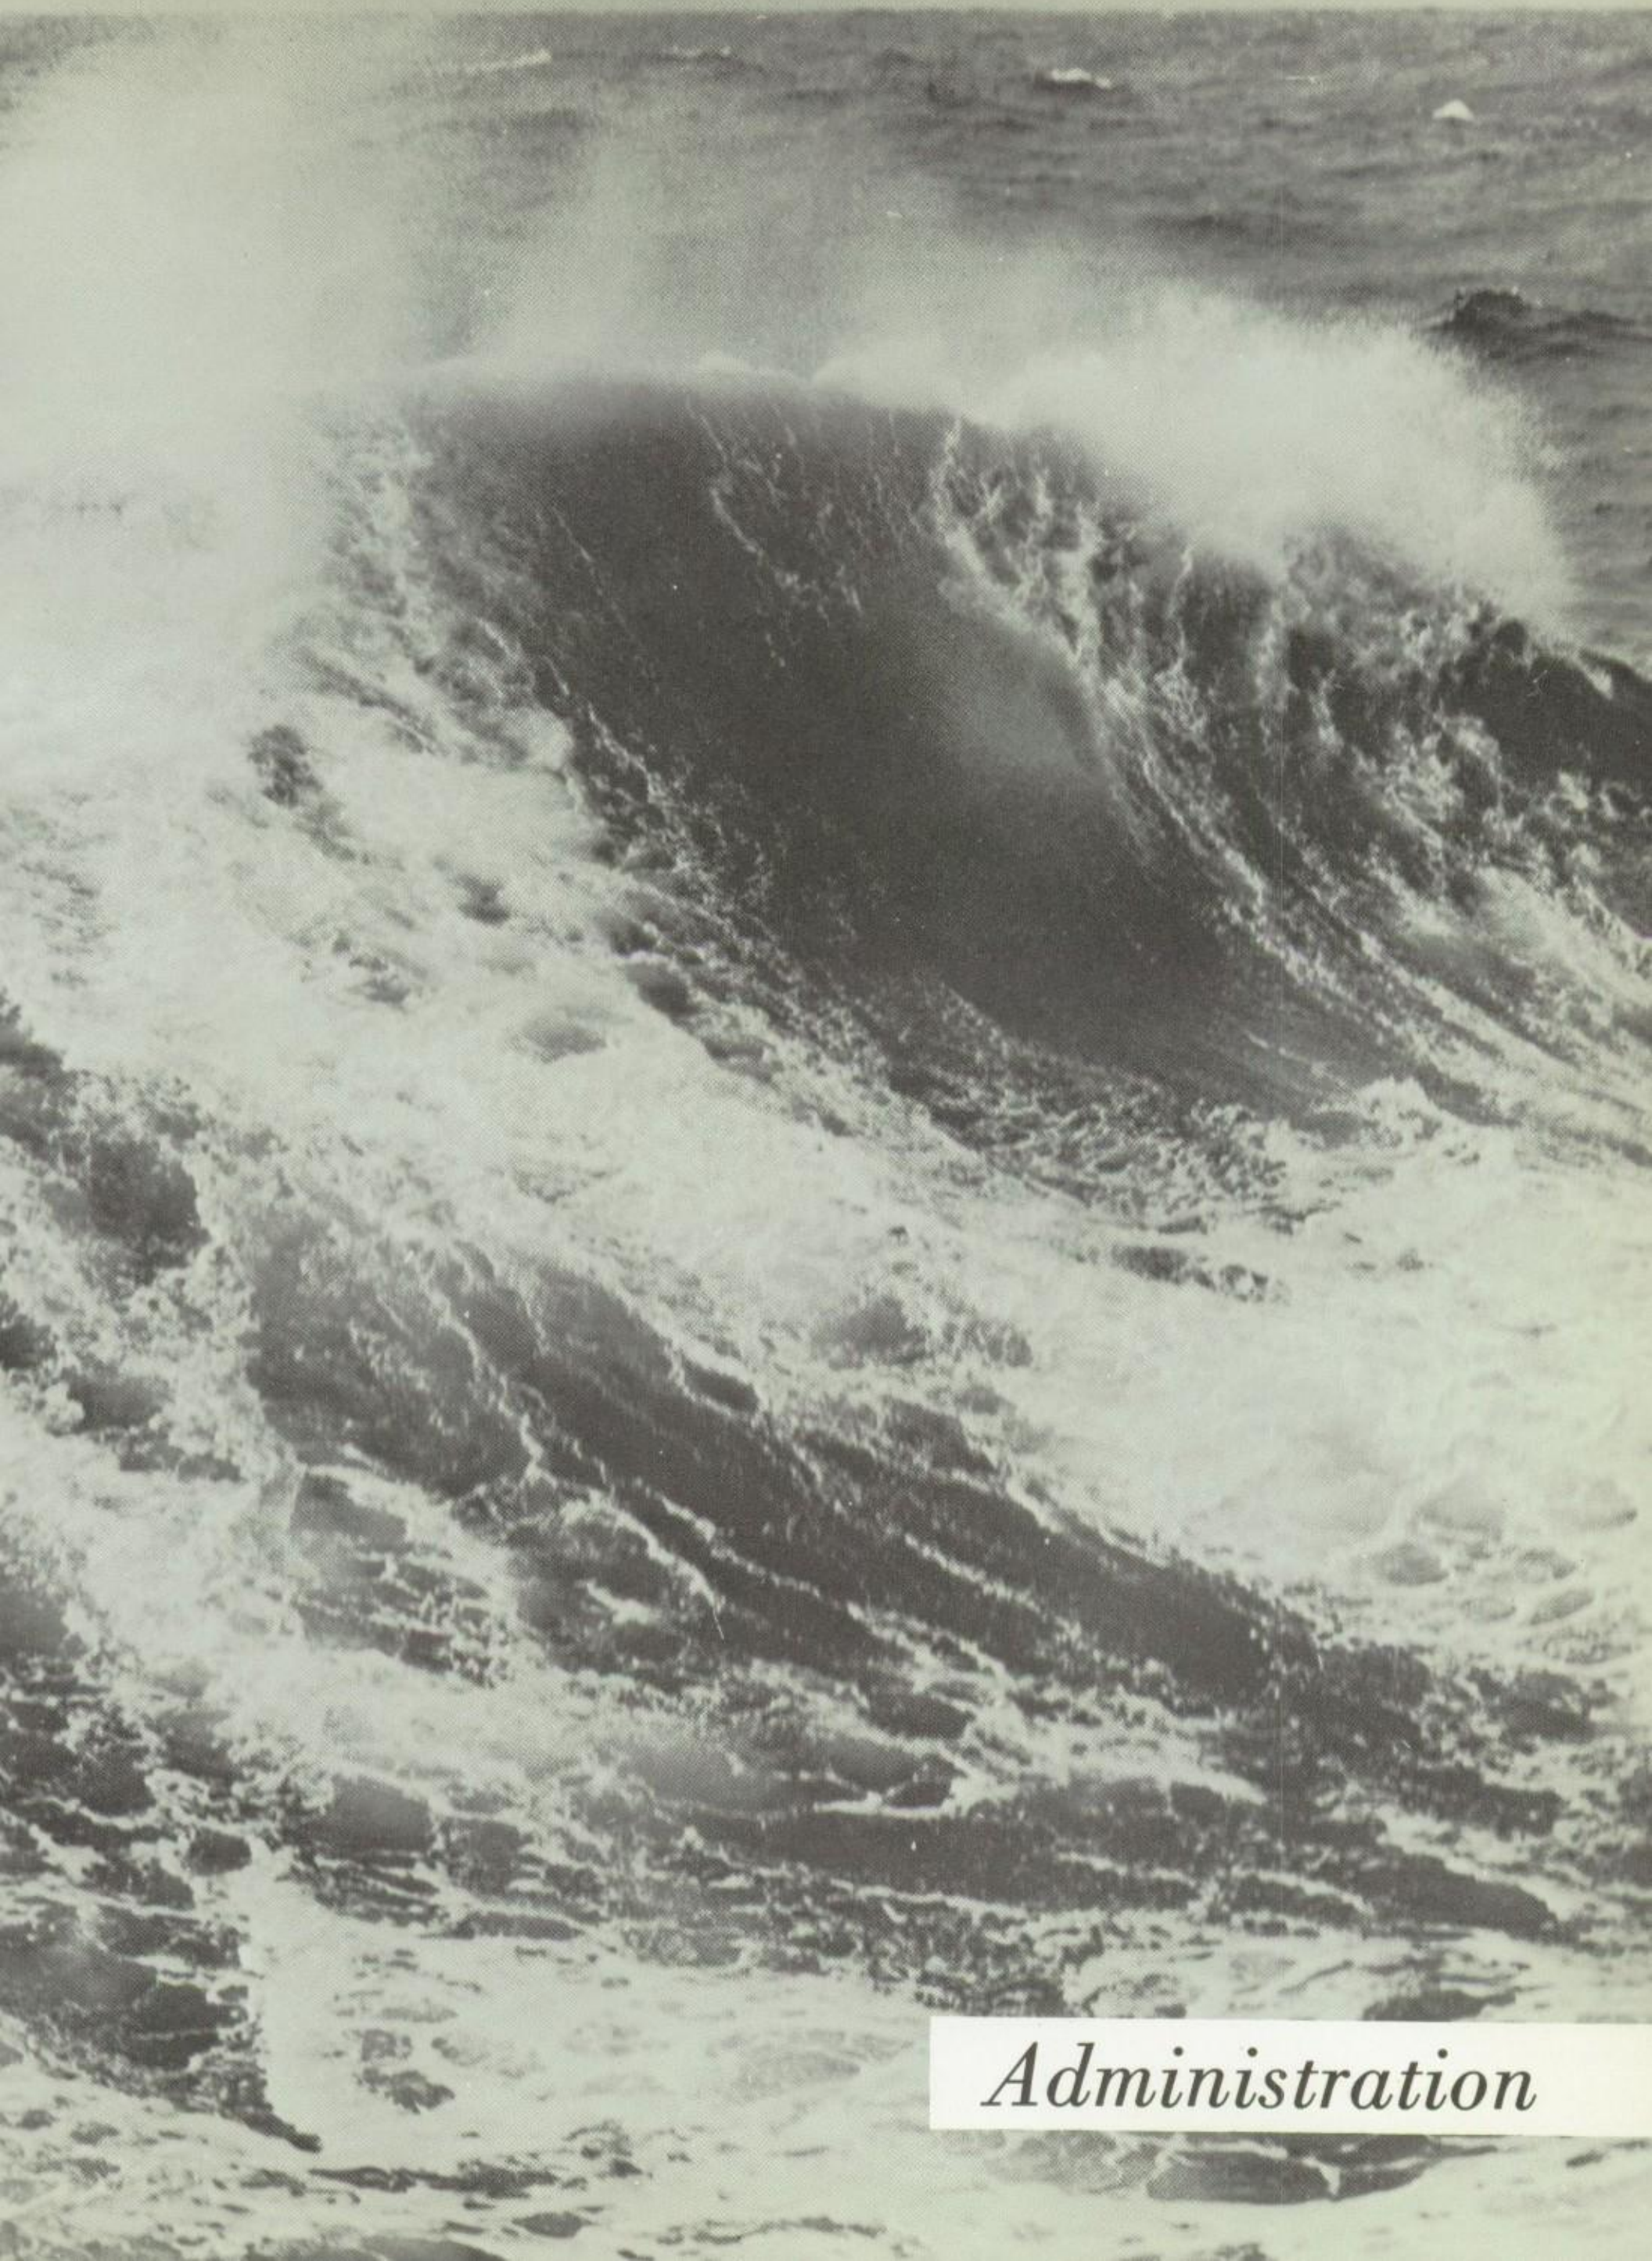
Our busy bees?



Administration

From the Office Desk

This yearbook, which I believe, gives a good picture of the 1966-'67 school activities here in the Prescott High School, has required a great deal of organization, planning and hard work by the yearbook staff. Congratulations Seniors, for a job well done.

Sincerely,

Edward Barnett

At Last

The 1966-'67 school year has ended but we have prepared this '67 Hornet yearbook so that you may have a record of the activities that have highlighted this year. We hope you will treasure the '67 Hornet in the years to come.

It's taken a lot of hard work and much of our time but it has also been fun and we feel it has been worth all of our efforts.

At this time we would like to thank all of the teachers, our parents, and all the kids in school for making this year one of the best ever.

Yours sincerely,

Carol Wood
